**Primary Narrative By Edward Olesh, 11/27/21 09:17**

On 11/27/2021 at 0426 Deputies responded to a front door alarm at Sportsman's Emporium located at 821 GREENBAG RD, MORGANTOWN, WV in Monongalia county. Approximately 9 minutes later deputies arrived and witnessed heavy damage done to the front doors. The doors appeared to have been rammed as the glass in the doors had been shattered and the doors had been pushed into the business allowing access. Deputies cleared and secured the building. Once the building was secured deputies found a security system and was able to watch video footage.

The video footage showed a light colored Chevy 4 door sedan pull into the parking lot of the business and pull past the door, apparently lining its rear end to the main entrance of the store. It is clear in the video footage that the car is then placed into reverse and backed into the doors, gaining access to the interior. At this point a subject wearing a Green coat over what appears to be a hooded sweatshirt with the hood pulled, a hat underneath the hood, dark pants, and gloves exits the vehicle. The male enters the store through the damaged entryway and immediately makes his way to where the firearms are on display. The male quickly grabs 5 firearms located on a shelf behind a display counter and immediately exits the store. Once out of the store the suspect places the guns in the chevy vehicle and drives off.

I requested that our 911 and dispatch center air a Be On the Look Out (BOLO) to Marion, Preston, our county for a vehicle matching the description of the one seen in the video footage. As this breaking and entering occurred at a Federal Firearms Licensed dealer and firearms were stolen Spacial Agent Matt Bassett of the ATF was notified and arrived on scene a short time later with other Agents. Also, the store owner arrived on scene and was asked to stay in his vehicle until the scene had been processed.

On scene I was able to collect several taillight fragments one of which had a part number on it. Once I was back on station I was able to look up the part number and see that it was a GM part that was produced for a Chevy Impala.

On Tuesday 11/30/21 the light colored Chevy Impala was found at Ashton Estates by a WVSP BCI member who was in the area. This member of the WVSP contacted the ATF agent who is also investigating this case. He stated that the car had heavy rear-end damage, had broken taillights, and was missing the registration. A return of the vin showed that the vehicle was regestered to a Jason Johnson out of Michigan. Also it was discovered that a Red Kia Sportage bearing WV registration 1VC537 had been stolen in the early hours of 11/27, the same day as the break in (see case report SO21-02852). Video footage from neighbors security cameras showed two males walking and checking car doors in the Ashton Estates community.

With aid of a reward from the ATF from information leading to the arrest of subjects that stole the firearms, Monongalia Drug Task Force was contacted by an informant that they knew that a male by the name of Christopher Riel was

selling guns that matched the description of the ones stolen. Capt Beatty of the Monongalia County Sheriffs Office assigned to the before mentioned task force helped set up a controlled buy. The firearm that was purchased by the informant was in fact sold buy Christopher Riel and was one of the firearms stolen during the break-in, confirmed by the guns serial number.

With the information from the controlled buy conducted by Task Force I knew the number that Riel was using associated with an application called text now. I was able to receive a search warrant from the company with showed conversation that Riel was having that referenced the guns that were stolen by model. There was one specific conversation that he had with a phone number associated with and Anthony Meredith where he specifically mentioned one of the guns by model.

At this point this case has been taken over by the ATF.

**Case Forms**

**Comments**

Captain Beatty assigned to Mon Metro Drug Task Force (MMDTF) was able to conduct a controlled buy of described gun on 12/07/21 using a confidential informant. The informant was able to purchase the gun for \$300 in official government funds at the direction of the MMDTF. The gun was not handled by the informant or any members of the MMDTF in an effort to preserve fingerprint integrity. MMDTF Case MM21-0142.
