Narrative :

On August 16, 2020, at approximately 0329 hours, Officer R. Najera #3421, while working as unit 3S943, was dispatched to 4520 Doniphan Dr. (Sportsman`s Elite) in reference to a business alarm.

The Reporter (Sonitrol Security Operator Isaiah) advised that audio connection inside the business detected people moving inside. The Reporter advised that they had also shut off the main power to the business. Upon arrival the officer along with Lt. V. LeGloahec #2568, Sgt. J. Medina #2087, Officer J. Montanez #3340, Officer J. Bayona #3305 setup a perimeter around the business.

The officers observed there are two side emergency exit doors which are located on the east and west side of the business. Officers observed a long needle nose pliers laying on the floor next to the east exit door which was the door that they forced open. The unknown subjects had forced the door open with the long needle nose pliers where the dead bolt locked. The electrical box was wide open and the main power switch was in the "OFF" position.

K9 Officer J. Salcedo #2916 retrieved K9 Jort from the patrol unit. K9 Officer Salcedo deployed K9 Jort into the interior of the business as officers Bayona, Montanez and Najera followed K9 Jort. The officers cleared the business and were unable to locate the subjects. The officers noticed that glass cabinets were broken and firearms were missing. There were numerous high powered and hunting rifles located throughout the store which were not stolen. The IO-01 (Owner) believed that the subjects did not know what they were targeting as they passed up on a lot of valuable firearms. There were numerous rifles, shotguns, and handguns that were located throughout the business unsecured.

The officers reviewed the surveillance cameras and learned the following:

At approximately 0319 hours the subjects arrived to the business and covered the west side camera with a pool net pole.

At approximately 0320 hours, power was shut off to the business.

At approximately 0321 hours, two male subjects made entry to the business through the east side emergency exit door one of them carried a large black backpack.

At approximately 0322 hours, one subject was seen going behind the counters and the second subject on the other side braking the glass cabinets appropriating the firearms on display.

At approximately 0324 hours, the subjects exited the business through the same point of entry (eastside emergency exit) headed in an unknown direction or mode of travel.

At approximately 0326 hours, first officer`s arrival on scene.

Crime Scene Unit, Officer A. Pagitt #2981, while working as CSU24, arrived and obtained brief details. CSU24 photographed and processed the business for latent prints. The officers also canvassed the area of the business for any possible evidence but were met with negative results.

The IO-01 stated that he desired prosecution against the unknown subjects should they be apprehended. An Incident Information Card was issued to the IO-01 and was advised of the follow-up procedures.

The stolen firearms were entered into the NCIC/TCIC database and faxed it over to Records confirmed by C1682.

OFFENSE: Burglary of Building

My name is Aldo Maldonado and I am presently employed by the City of El Paso Police Department as a Senior Latent Fingerprint Examiner assigned to the Latent Print/A.F.I.S. Section and have been comparing fingerprints for the last six years.

On this date I received a total of seventeen latent print lifts which were lifted by Officer A. Pagitt #2981 of the Crime Scene Unit. An examination of the latent lifts revealed seven of the seventeen to be of evidentiary value. A check of the case revealed no offenders listed. A further examination of the latent lifts of value revealed them to be of sufficient quality to be entered into the A.F.I. System for searching, with hopes of establishing a positive identification through candidates furnished by A.F.I.S.

Following this search I compared the latent evidence against the known prints on file of the candidates furnished by A.F.I.S. Through this comparison I was able to positively identify two latent print lifts of value in the case as having been made by the left index finger of Victor Morales () EPPD# , and could not have been made by any other person. These particular latents were lifted by Officer A. Pagitt #2981 from the processed sunglasses holder at the scene.

At this time I properly initialed and identified the latent print lifts and will now retain all the latent evidence in the Latent Print Section pending courtroom presentation if requested to do so.

I have read the above statement and find it to be true and correct to the best of my knowledge.

Latent Examiner Aldo Maldonado #C1773

Subscribed and sworn to me on this _____ day of _____, 2020.

12/08/2020 - 1230 hrs

The undersigned was made aware by Sgt. R. Borges #2551 about a black Cadillac that had the hood open in the parking lot of 7620 N. Mesa (La Quinta Inn). The undersigned arrived on scene and observed a black with NM plates [REDACTED] parked in the North side parking lot with the hood open and a male and a female standing outside. The undersigned asked Officers J. Costa #3130 or E. Castillo #3309 to check the plates and the Officer Castillo advised the plates did not provide a record. The officers attempted to check the plates several times but were unable to get a return. The undersigned, knowing hotels/motels are locations where stolen vehicles are frequently dropped off by auto thieves, set up surveillance on the vehicle from a distance. During the course of the surveillance the undersigned observed a tall skinny white male with a black rag over his head, wearing a black Tupac shirt, and black saggy pants (later identified as OF-01) exit the driver side of the vehicle and begin working under the hood of the car. The undersigned then observed a heavy set female (later identified as OF-02) exit the vehicle from the passenger side and begin trying to assist OF-01 under the hood. The undersigned maintained surveillance and observed OF-02 now go to the driver seat and sit down, while OF-01 went to the passenger seat and sat down. The undersigned saw OF-01 and OF-02 repeat this several times; they would go from sitting in the driver seat, to standing outside, then to the passenger seat. At some point OF-01 went to the rear passenger area of the car from the left side of the car, opened the door and began fixing things inside. Then OF-02 went to the rear passenger seat through the right side of the car and began moving items in the back seat. This activity was repeated several times, with the offenders going from the driver's side, to the passenger side, to the rear, back to the passenger side, then under the hood. The undersigned then saw OF-01 close the hood, enter the driver seat of the car, and OF-02 sit down in the passenger seat. The undersigned observed the vehicle's break lamps activate as if the vehicle was going to go mobile, but then OF-01 exited the vehicle went back up to the front and opened the hood again. The undersigned decided to have the marked unit make a consensual encounter with the offenders and offer some help.

Officer Castillo drove into the parking lot and made contact with OF-01. The officer obtained OF-01's name and date of birth, and OF-02 came out of the vehicle. Sgt. Borges rolled up in his unit and the officers also obtained OF-02's information. While Officer Castillo offered assistance, a warrants check was conducted on OF-01 and OF-02 via Channel 1 and OF-01 came back with a federal probation violation warrant with USMS. OF-01 was placed under arrest (handcuffs checked for fit and double locked) and placed in the back seat of Officer Castillo's patrol car. OF-02 came back clear of any warrants.

Officer Castillo asked OF-02 for her consent to search the vehicle and OF-02 provided written consent for a search to be conducted. Officers Castillo and Costa proceeded to search the vehicle while the undersigned stood by with OF-02 in case she decided to withdraw consent. Officers Castillo and Costa located two handguns on top of the driver seat of the car, covered with a black sweater. They also located methamphetamines, heroin, marijuana, methamphetamine pipes, scales, baggies and other contraband inside the vehicle. OF-02 was placed under arrest by Officer Costa (handcuffs also checked for fit and double locked), searched, and placed in the rear of the patrol unit. During the search of OF-02's person, Officer Costa located a methamphetamine pipe inside OF-02's left breast area.

The officers conducted an inventory of the vehicle, prior to impound, and located in the trunk area of the vehicle, inside a black gym bag, a black canister, similar to an oil filter, painted with black paint and wrapped in an unknown material. The canister had a nut attached to the open side of the filter and upon picking it up, the officer noticed a black powder like substance fell from inside the canister. The undersigned, based on training and experience, recognized the canister as a home made suppressor used to reduce the sound report of a firearm.

The undersigned retrieved the two handguns. One was a black and stainless steel Springfield Armory 911 9mm handgun with a loaded magazine and serial # [REDACTED] and the other was a Springfield Armory XD 4.0 40 S&W handgun, with a loaded magazine and a round chambered, and serial # [REDACTED]. The undersigned requested a check of both handguns serial numbers via Channel 1 and CN059697 came back as a stolen weapon out of EPPD Case #20-229039, an FFL burglary. The weapon was removed from NCIC by the undersigned (confirmed by PD9367). The undersigned made contact with ATF Agent Schuler who arrived at the scene. The vehicle was impounded with a hold for ATTF and both offenders were transported to WSRCC for processing. At WSRCC Agent Schuler made contact with DEA Agent Kilby who also arrived at WSRCC. Both firearms and the suppressor were turned over to Agent Schuler by ATTF Officer Lanahan. The narcotics were turned over to DEA Agents also by Officer Lanahan.
